2. All the motifs of our stamps, punches, craft papers and deco tapes are protected by copyright, which means that they must not be copied without permission.
3. Manually produced works may be offered for sale in small quantities, for example, at craft markets or in stores/on the internet. When these creative works are sold, the seller must clearly state that these works were produced by him/her personally by hand.  
The seller must state the fact that he/she used products from KNORR prandell or HEYDA to design his/her craft work. It is not allowed to use the brand logos for the sole purpose of promoting sales in connection with craft work.
